

## Joel Sander, Ph.D.

---

Department of Physics      University of South Dakota, Vermillion, SD 57069      Joel.Sander@usd.edu

### (a) Education and Training

Butler University	Physics	B.S., 1998
University of California at Santa Barbara	Physics	Ph.D., 2007
University of California at Santa Barbara	Physics	Postdoctoral Scholar, 2008–2010
Texas A&M University	Physics and Astronomy	Postdoctoral Scholar, 2010–2012
Texas A&M University	Physics and Astronomy	Mitchell Institute Postdoctoral Fellow, 2013

### (b) Research and Professional Experience

- 2013–present: **Assistant Professor**, University of South Dakota, Vermillion, SD  
2013: **Mitchell Institute Postdoctoral Fellow**, Texas A&M University, College Station, TX  
2010–2012: **Postdoctoral Scholar**, Texas A&M University, College Station, TX  
2008–2010: **Postdoctoral Scholar**, University of California at Santa Barbara, Santa Barbara, CA

#### (d) Synergistic Activities

- (i) **Conference organization:** Organizer and session chair for the Workshop on Germanium-Based Detectors and Technologies (2014), organizer and session chair for the TAMU Workshop on Dark Matter (2013), organizer of the Texas A&M High-Energy Phenomenology, Experiment, and Cosmology winter 2013 seminar series, and session chair for Particle Physics and Cosmology (2012).
- (ii) **Colloquiums and seminars given in the past year:** South Dakota State University, Drake University, University of Northern Iowa, Augustana College, Creighton University, Minnesota State University Moorhead. The PI has also given multiple invited talks at conferences and workshops.
- (iii) **SuperCDMS software development:** provides the primary support for and was a key developer of the SuperCDMS Soudan data acquisition system. Co-led development of the SuperCDMS Soudan data quality system and also provides the primary ongoing support.
- (iv) **STEM public outreach in the past year:** presented a session at the 2014 summer Lawrence Brothers Science Camp for 6th-8th grades, presented a session at the 2015 first annual Osher Lifelong Learning Science Happy Hour, and co-organized the 2015 USD Astronomy Day events including a public lecture that is popular with students and the community.
- (v) **SuperCDMS Leadership:** Coordinated the CDMS II search for fractionally charged particles. An active member of the SuperCDMS Board, the SuperCDMS Council, the SuperCDMS Outreach committee, the SuperCDMS Publications and Theses committee, and 2014 Trigger Task Force. G2 SuperCDMS leadership: Level 3 (L3) manager for the detector configuration system; L3 science advisor for the environmental monitoring and inventory software systems.
